

This is in regards to a letter I recieved from K-LOVE today. K-LOVE is a large source of encouragement in my neighborhood and for Christians around the globe. If LPFM stations are going to take priority over FM translators, then there are going to be a lot of Christians who cannot find the family friendly and positive encouragement that they need. I find myself unable to listen to the oldies and contemporary rock music that I grew up with, and if K-LOVE were to be displaced in my community, I would feel secluded and unable to share any happiness inside not only my community, but also my household. Many people in my community could no longer keep up with the latest songs and encouragement if LPFM stations were to replace K-LOVE, and Christians would no longer have a special radio station that they could use to encourage themselves and to share with others. They do not say that the station is positive and encouraging for no reason, and if it were to be removed there would be no more stations that we feel safe about having on in our houses and cars. There are no other stations that I feel safe having on that I'd want to expose children to, let alone stations outside of K-LOVE that I enjoy. The Christian community has been scared by actions taken against their faith, please don't let this be another cut to add to the wound.

May God Bless,
